CUSTOM ZIP PULLER

HYDROACTIVE COOLING VEST™

WATER ACTIVATED. PERFORMANCE INSPIRED.

01 SOAK

Immerse the vest in water for 1–2 minutes.

The cooling core absorbs and stores water throughout the garment.

02 ACTIVATE

Remove the vest from the water and gently wring out excess water.

The cooling core remains fully saturated.

HOW IT WORKS

EVAPORATIVE COOLING TECHNOLOGY

The vest contains a highly absorbent cooling core. As the stored water gradually evaporates, heat is removed from the body. This natural process creates a continuous cooling effect without batteries or power sources.

THE SCIENCE

BODY HEAT

WATER
ABSORBS HEAT

EVAPORATION

COOLING
EFFECT

BEST PERFORMANCE

TECHNICAL FEATURES

ULTRALIGHT
Less than 250g

COMPACT
Folds into its own pocket

REUSABLE
Simply add water and reactivate

NO BATTERIES
100% passive cooling technology

BODY FIT
Designed to be worn directly against the body for maximum efficiency

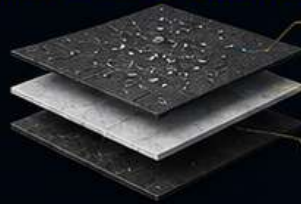

IMPORTANT

OPTIMIZED FOR DRY ENVIRONMENTS

Cooling performance depends on evaporation. In high humidity conditions, evaporation is reduced and cooling efficiency decreases.

MATERIALS & CONSTRUCTION

OUTER SHELL
Ultra Lightweight Ripstop

COOLING CORE
Super Absorbent Polymer Technology

INNER LINING
Soft Hydrophillic Cooling Fabric

ADJUSTMENT SYSTEM

CENTRO EDILI CONNECTION

**THE PRODUCT ACTS ON THE ENGINE.
THE VEST ACTS ON THE PERSON.**

Both systems use fluid dynamics and heat transfer to maximize performance under demanding conditions.

JUST ADD WATER.

STAY COOL.

KEEP PERFORMING.

BIO-BASED PCM COOLING VEST

INUTEQ-PAC® TECHNOLOGY

INUTEQ-PAC®

BIO-BASED PHASE CHANGE MATERIAL (PCM)

Maintains a constant cooling temperature by absorbing body heat during the phase change from solid to liquid.

Works effectively even in high humidity.

HOW IT WORKS

INUTEQ-PAC® PCM absorbs body heat as it changes from solid to liquid, maintaining a constant cooling temperature close to the skin.

Every piece has its place.

WINTER & RAIN PROOF COVERALL

WARM. PROTECTIVE. BUILT TO WORK.

MAXIMUM WARMTH

Quilted insulation and soft lining trap heat and keep you warm in the coldest conditions.

WATERPROOF

Waterproof outer shell keeps you dry in rain, snow and wet conditions.

WIND RESISTANT

Tight weave fabric blocks wind and reduces heat loss for all-day comfort.

MULTIPLE POCKETS

Spacious pockets for tools, phone and daily essentials.

ADJUSTABLE FIT

Belted waist, cuffs and ankles for a secure and custom fit.

BUILT TO LAST

Reinforced stitching and durable fabric for long-lasting performance.

WARM FLEECE LINING

Soft fleece lining in hood and upper body for extra warmth.

QUILTED INSULATION

Thermal quilted lining for superior warmth and all-day comfort.

WATERPROOF SHELL

Durable outer shell repels water and keeps you dry.

ADJUSTABLE WAIST

Belted waist for a secure and comfortable fit.

ANKLE ZIPPER ACCESS

Zippered leg openings fit over boots for easy on and off.
